Ptychography at different wavelengths - S1 (11:00-12:15)

time	[id] title	presenter
11:00	[135] Chair	KEWISH, Cameron
11:05	[127] Recent advances of Bragg ptychography and perspectives at 4th generation synchrotron	CHAMARD, Virginie
11:35	[97] Single-shot ptychography at free-electron laser	Dr KHARITONOV, Konstantin
11:55	[34] High resolution spin texture imaging in spin caloritronics prototype device structures: New opportunities for coherent hard X-rays with resonant scattering at 4th generation light sources.	Dr MANNIX, Danny
