

Coherence 2024

Monday 17 June 2024

XPCS, polarised and chiral beams (14:00-15:35)

time	[id] title	presenter
14:00	[136] Chair	MCNULTY, Ian
14:05	[100] Magnetic spectroscopy and imaging with x-rays carrying orbital angular momentum	SACCHI, Maurizio
14:35	[9] Coherent Correlation Imaging for resolving fluctuating states of matter	KLOSE, Christopher
14:55	[42] Probing thermally activated dynamics in Artificial Spin Ices with coherent X-rays	BIKONDOA, Oier
15:15	[59] Piezoelectric response in PMN relaxor ferroelectric probed by in-situ wide-angle X-ray Photon Correlation Spectroscopy	THOMPSON, Carol
