

## **Deadlines harmonization:**

*where do we come from*

*where are we, where would we like to go ?*

## EU User Survey (Dec '15)

- 1.400 answers
- Results and FAQs:  
<http://www.wayforlight.eu/eng/user-survey-results.aspx>
- User tools ranking [1-5]

- >200 comments, 74 on harmonized deadlines
  - 95% asked “staggered deadlines” i.e. avoid coincidences
  - some requests: avoid September 1<sup>st</sup>

## EUOM2: EUXFEL, 6-8 April 2016

- Presentation of the whole User Survey, no discussion on deadlines harmonization

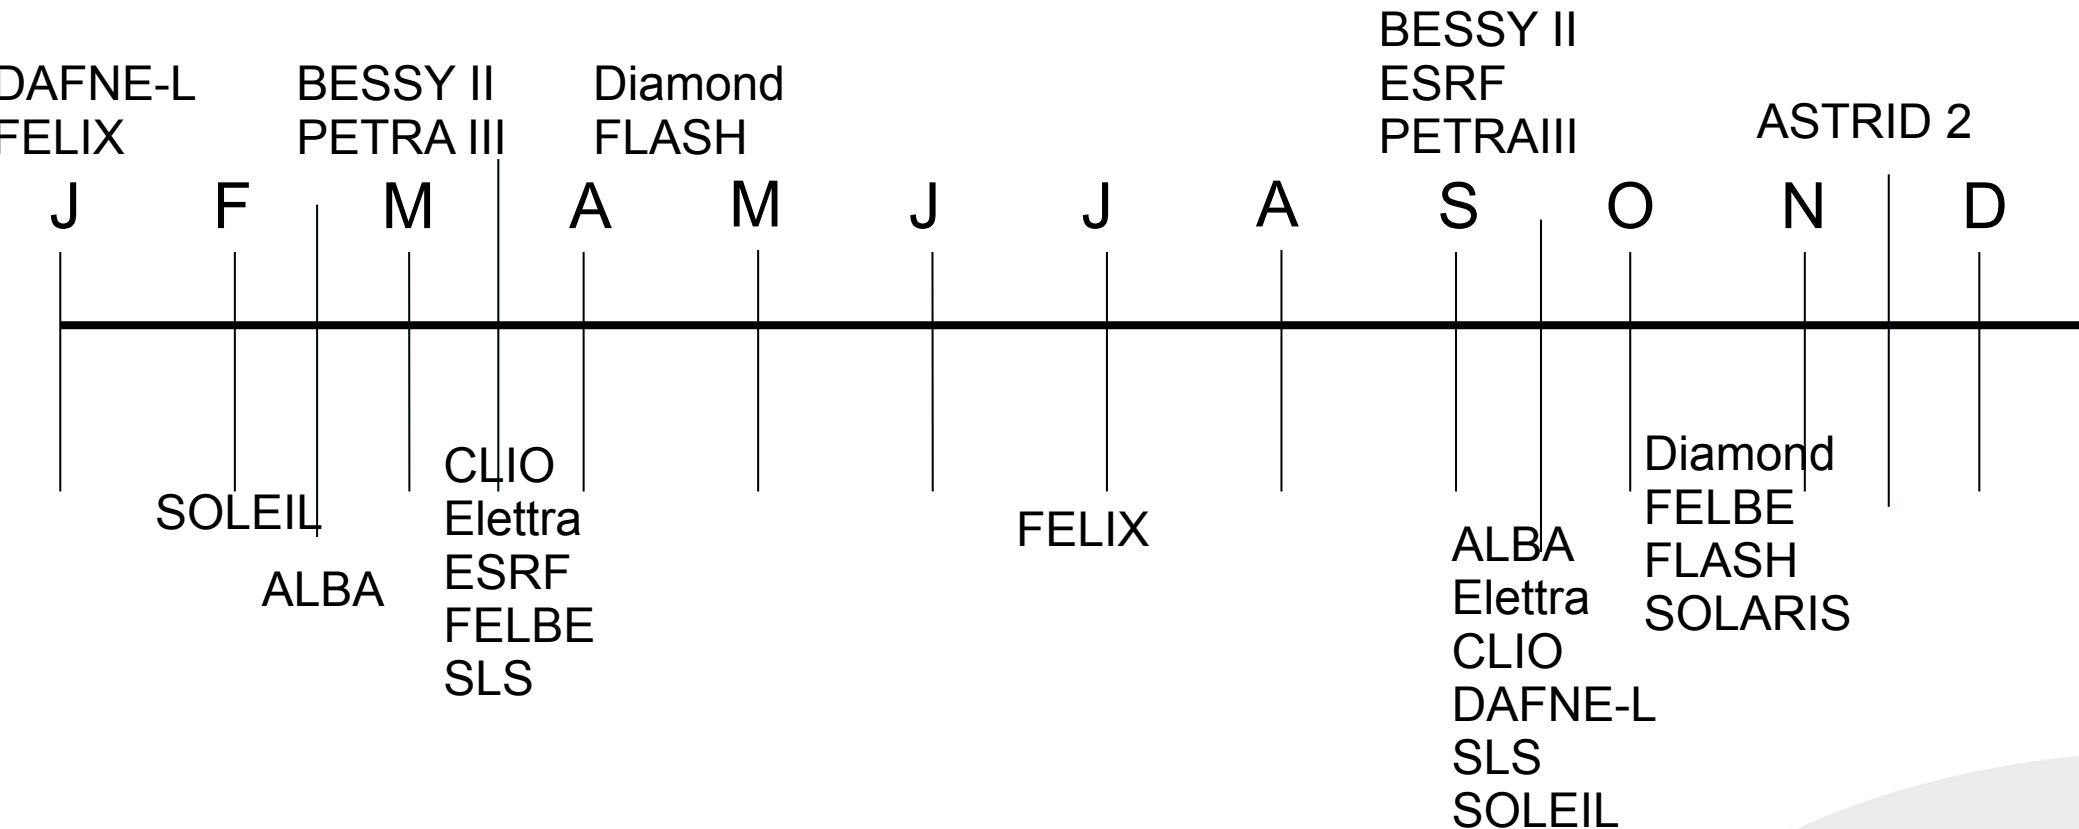

## H2020 CALIPSOplus NA1: User tools for access and data management Task 2.2 “*wayforlight* portal and cooperation of EU lightsources user offices”

- Consolidation of EU user offices network → continuation of annual meetings
- Discuss and implement measures to increase efficiency and coordination of the services offered to the users:
  - Focus on activities stimulating an increase of the fraction of women among the lightsources users → *yesterday's session*
  - **Harmonization of deadlines in order to avoid coincidences**

# Deadlines overview for SR and FELs

Lightsources & wayforlight NOT updated

Present status – facilities with no “fixed” deadlines:

FERMI / EUXFEL / MAXIV / SOLARIS / SESAME / TARLA

## *Where do we want to go ?*

- 1) Talk to each other and see whether **new / flexible facilities could adapt their deadlines** to avoid coincidences

*but also*

- 2) **Discuss with users if this is worth it**
  - @11<sup>th</sup> **ESUO** meeting in 2018
  - @large **users meeting** e.g. DESY's
  - @SOLEIL and facilities with e.g. Sept 1<sup>st</sup> deadline
- 3) *Any other idea is welcome*

Thank you for your attention !
