

# Second Korea/Sweden Advanced X-ray Science Symposium

## Monday 29 September 2025

**Session 2 : Coherent X-ray Imaging I: Session 2 : X-ray Coherent Imaging I - MAX III Meeting Room - Floor 4 (13:40 - 15:40)**

**-Conveners: Aymeric Robert**

| time  | [id] title  | presenter               |
|-------|---|-------------------------|
| 13:40 | [6] Coherent X-ray Diffraction Imaging: A Pathway for Sustainable Energy and Environment Research | KIM, Hyunjung           |
| 14:10 | [7] Imaging of smallest signals - hard x-ray dichroic ptychography at the iron K edge             | KAHNT, Maik             |
| 14:40 | [8] Designing Next-Generation Coherent Scattering Beamlines at Korea-4GSR                         | HA, Sungsoo             |
| 15:00 | [9] Pushing time-resolved 3D X-ray imaging at high-brilliant sources                              | VILLANUEVA PEREZ, Pablo |
