

Science Symposium on Advances in Sample Environment and Experimental Control

Friday 11 September 2015

Session 3 - Room 206 (09:00-10:00)

time	[id] title	presenter
09:00	[15] Sample environments for X-ray Photon Correlation Spectroscopy (XPCS)	SPRUNG, Michael
09:20	[16] Combining light and neutron scattering: review of a first assembly	VÖLKER, Andreas Charles
09:40	[17] New lights on multimeric enzymes – A combination of chromatography, SAXS and spectroscopy	Dr DICKO, Cedric
