

# 19th ESLS-RF Workshop

## Thursday 01 October 2015

**Site visit ESS: Morten Jensen has arranged a visit to the ESS site after the Workshop. A bus will pick up after the ESLS workshop and go round the site making a few stops at key viewing points. A guide will explain a little of what we are looking at. After the tour the bus can take those people who need to go back to town/station directly there instead of having to get a bunch of taxis. Pickup will be around 15:15 and the bus should terminate in town/station at 16:30 approx. if that helps you plan the rest of your journeys. (15:30-17:30)**
